

Intelsat Announces Proposed Offerings of Senior Notes and Repayment of Outstanding Notes

Pembroke, Bermuda, June 27, 2008

Intelsat, Ltd., the world's leading provider of fixed satellite services, today announced that its subsidiary, Intelsat Jackson Holdings, Ltd. ("Intelsat Jackson"), intends to offer an aggregate principal amount of up to approximately \$309.3 million of 11½% senior notes due 2016 and an aggregate principal amount of up to approximately \$701.9 million of 9½% senior notes due 2016 (together, the "notes"), the proceeds of which, together with cash on hand, will be used to repay a portion of Intelsat Jackson's outstanding 11¼% senior notes due 2016 and 9¼% senior notes due 2016 (together, the "Outstanding Notes").

A portion of the Outstanding Notes have been tendered to Intelsat Jackson in connection with the change of control offer conducted by Intelsat Jackson as a result of the acquisition of Intelsat Holdings, Ltd., the indirect parent of Intelsat, Ltd., by an entity formed by funds advised by BC Partners Holdings Limited, Silver Lake Partners and certain other equity investors.

The notes referred to above will be offered to qualified institutional buyers under Rule 144A and to persons outside the United States under Regulation S. The notes will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), and, unless so registered, may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws. This press release shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the notes in any state in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of any such state.

About Intelsat

Intelsat is the leading provider of fixed satellite services (FSS) worldwide, delivering advanced transmission access for information and entertainment to some of the world's leading media and network companies, multinational corporations, Internet service providers and governmental agencies. Intelsat also offers seamless service for voice, data and video transmission unmatched in the industry. With the globalization of content, broadband, telecom, HD and IPTV fueling next-generation growth, the ever-expanding universe of satellite communications is the cornerstone of today's Intelsat. Real-time, advanced communications with people anywhere in the world is closer, by far.
