Worldwide "LIVE 8" Concerts to be Transmitted Via Intelsat Satellites

Intelsat-donated satellite capacity enabling five mega-concerts to be viewed by over two billion viewers

Pembroke, Bermuda, 30 June 2005 – Intelsat today announced it is donating satellite transmission contribution services to broadcast all five LIVE 8 mega-concerts to more than two billion expected viewers on July 2nd, 2005. Intelsat is teaming with Siemens Communications to provide LIVE 8 concert programming to dozens of broadcast rights-holders around the globe.

LIVE 8's simultaneous free concerts will include international rock and pop artists performing in London, Paris, Berlin, Rome and Philadelphia. Hundreds of thousands are expected to attend the concerts, with billions more watching the international broadcasts. Venues include London's Hyde Park, the Palais de Versailles in Paris, Philadelphia's Museum of Art, Berlin's historic Brandenburg Gate and the Circus Maximus in Rome. More information on LIVE 8 can be found at www.live8live.com.

Ramu Potarazu, COO of Intelsat Ltd., noted, "For more than 40 years, Intelsat's affordable and reliable broadband, telecom and media services have been supporting infrastructure development and improving the lives of people in developing nations around the globe. Intelsat's contribution of satellite communications services to LIVE 8 is a fitting demonstration of our ongoing commitment to meeting these nations' communications requirements."

Intelsat is the only global satellite leader to provide coverage of every Olympic Games since 1968. Intelsat supports broadcasters of major events, including the World Cup, by leveraging its portfolio of GlobalConnex Media services. GlobalConnex Media provides customers a single-source, worldwide, hybrid distribution network optimized for assured door-to-door delivery of sporting, entertainment and news events anywhere around the world.
