

Capture New Growth with the World's Most Advanced Satellite Platform

The third of our Intelsat Epic^{NG} next-generation high throughput satellites, Intelsat 32e delivers high performance services optimized to serve the demanding mobility sector. Blanketing the highly trafficked Caribbean and North Atlantic regions, Intelsat 32e features a combination of Ku-band spot beams and a transatlantic Ku-band wide beam overlay to meet broadband demand for commercial-grade services to passenger planes and the world's largest cruise ships. Closely mirroring the regional Ku-band services of the first Intelsat Epic^{NG} satellite, Intelsat 29e, Intelsat 32e enhances Intelsat's commercial broadband services with additional scale and in-orbit resilience, attributes essential to supporting rapidly growing mobility applications for global service providers.

IS-32e – Ku-band Multi-Spot & Transatlantic Beams

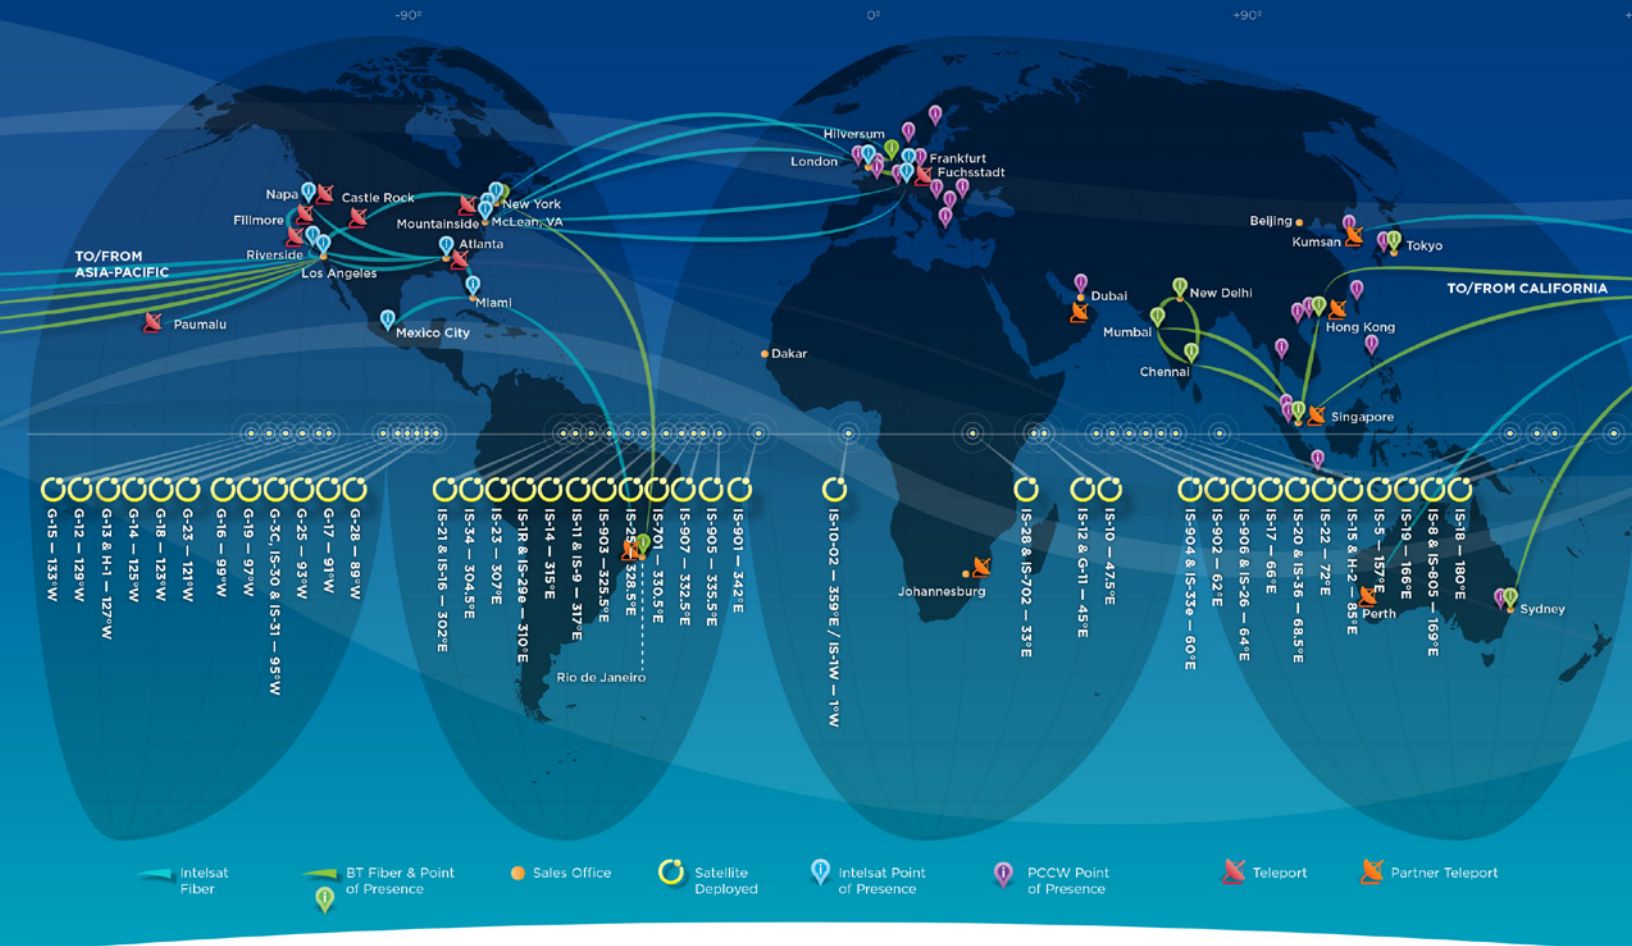

Ku-band Key Parameters

Configurable Capacity:	56 (in equivalent 36 MHz units)
Polarization:	Linear – Horizontal or Vertical
Typical Coverage e.i.r.p. Range:	
Multi-Spot:	44.0 up to 61.5 dBW
Transatlantic:	45.7 up to 48.7 dBW
Typical G/T Range:	
Multi-Spot:	6.5 up to 15.8 dB/K
Transatlantic:	-1.3 up to 3.1 dB/K

**This is a future spacecraft deployment. All payload performance values are preliminary.
Any beam to any beam connectivity*

Intelsat Global Network

About Intelsat

Intelsat operates the world's first Globalized Network, delivering high-quality, cost-effective video and broadband services anywhere in the world. Intelsat's Globalized Network combines the world's largest satellite backbone with terrestrial infrastructure, managed services and an open, interoperable architecture to enable customers to drive revenue and reach through a new generation of network services.

Thousands of organizations serving billions of people worldwide rely on Intelsat to provide ubiquitous broadband connectivity, multi-format video broadcasting, secure satellite communications and seamless mobility services. The end result is an entirely new world, one that allows us to envision the impossible, connect without boundaries and transform the ways in which we live.
