Channels

Partner of Choice to Connect Communities Across MENA

Partner with local integrators to provide managed services that connect businesses and populations in countries with fragile infrastructure.

Providing reliable connectivity to remote oil and gas sites, which are notoriously difficult to connect, in partnership with prominent Saudi-based telecommunications firms.

Supporting the banking industry by offering reliable and secure connectivity through long-term local partners, wherever transactions and operations take place.

World's Most Trusted Satellite Communications Network

Largest provider of satellite capacity to the U.S. government

Provide inflight connectivity to 25 commercial airline partners and nearly 3,000 aircraft

Deliver TV and radio content to more than 500 million households worldwide

Serve the majority of the world's top 10 mobile network operators

One Global Network for a Hyperconnected World

55+ Satellites

100+ Teleports & PoPs
*Includes partner teleports

200K+ Fiber Miles

650TBs Daily IntelSatOne Traffic

20 Global Offices

99% Coverage of the World's Populated Regions

IntelSat believes in a connected MENA where all communities will gain access to healthcare, education, and financial services for an improved quality of life.
